(a) Continuous residual stability
Random features
$E = B$
Solution error $E(a)$
Residual bound $B(a)$
10^{-1}
10^{-2}
10^{-3}
(b) Conditioning and stationarity
Stationarity residual ρ_4
10^{1}
10^{-1}
10^{-3}
10^{-5}
10^{-7}
Random, original (median)
Same random features, QR (median)
Well-conditioned (one trajectory)
